

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

GENERAL ADJUSTMENT IN ELECTRIC)	
RATES OF KENTUCKY POWER COMPANY)	CASE NO. 9061

O R D E R

On July 20, 1984, the Commission ordered Kentucky Power Company ("KPC") to file 55 items of information necessary for the hearing and investigation of its request for a general adjustment in electric rates. Item No. 8A of that Order required KPC to file invoices to support its \$185,163 rate case expense incurred for professional services in its last rate case.

On August 3, 1984, KPC responded to Item No. 8A by claiming that such invoices are "proprietary in nature." KPC offered to make the invoices available for inspection at either the Commission's office or KPC's office.

Having considered KPC's response to Item 8A of the Commission's Order entered July 20, 1984, and being advised, the Commission is of the opinion and hereby finds that KPC has failed to provide any justification to support its claim that invoices are proprietary in nature. KPC should either file a memorandum in support of its claim or file the invoices.

IT IS THEREFORE ORDERED that within 7 days of the date of this Order KPC shall either file a memorandum in support of its

claim that invoices are proprietary in nature or file copies of the specific invoices.

Done at Frankfort, Kentucky, this 16th day of August, 1984.
